## Texas Farm Families Helped By F. S. A.

Farm families in Texas who are borrowers of the Farm Security Administration have increased their average annual net income 42 per cent, or from \$470 to \$669, it is revealed by a new nation-wide survey comparing the status of FSA borrowers in 1940 with their condition before coming into the program.

Total annual income of the 29,658 Texas FSA borrowers covered in the survey, was increased by \$5,899,273 the survey showed. This growth in prosperity and purchasing power is reflected on the books of merchants and other business men in Texas.

The families are making satisfactory progress in the repayment of their long-term loans. They have already repaid \$17,188,077 on loans totaling \$35,912,207, although much of this money does not fall due for four or five years. Geo. L. von Roeder, supervisor, said that none of the borrowers were able to get adequate credit anywhere else and that many of them formerly were in dire circumstances.

"In view of this fact, the repayment record of Texas FSA borrowers is a tribute to the honesty and industry of these needy farm people," Mr. von Roeder said. "There is ample evidence that the majority of them are getting back on their feet and becoming permanently self-supporting."

## N. Y. A. Information

O. G. Evers, NYA counselor, makes regular calls every two weeks to the City Hall in Hamlin to take applications for boys and girls interested in NYA employment. His next visit will be on July 23, from 8 to 11 A. M.

Clerical, Homemaking and radio projects are available for girls.

Boys may receive work experience in aviation mechanics, welding, sheet metal, radio, woodwork, auto mechanics etc.

Mr. Evers would be glad to have any youth interested call on his next visit.

Mrs. S. B. Leslie returned Thursday from a visit with her sons, in Lubbock. While up there J. P. Leslie's house caught fire and before it could be extinguished, Mother Leslie lost her purse, check book, deposit slips, comb and "dentures". But none of her clothing were burned.

Phone the Herald when you have visitors—or if no phone, wave or yell at us, and we'll fix it up pronto.

## Mr. and Mrs. Moody In Bad Car Wreck

A pleasure trip for Mr. and Mrs. J. E. Moody on the Fourth of July turned out to be one of great danger and quite a lot of pain.

The day was a quiet one for them and they decided to motor over and see the sights in Abilene, take lunch and pass the afternoon in a cool picture show.

When they reached a slightly used country trail between the Moutray Refinery and Hawley, they had a clear highway in front and to their rear, but the lane coming from Abilene was practically full of cars, evidently headed for Stamford. All of a sudden one of the cars, driven by a man, veered to his left, throwing his car right in the path of the Moody car, or nearly so. Mr. Moody had no time for anything, except to throw his car to the right, catching the left front fender of the car trying to get into the country lane. The Moody car tire on the left blew out; the car began a series of rolls on the pavement, and landed on the left side with both Mr. and Mrs. Moody held tight on the floor in the front of the car. There was plenty of quick help, and both were pulled out through the windows.

Mrs. Moody was considerably bruised, getting more injuries than Mr. Moody. Hundreds of people soon gathered and all wanted to do something. Mr. and Mrs. "Jumbo" Milsap of Abilene, formerly of Hamlin, took the unfortunate couple back to the Abilene Hospital where examinations proved no bones were broken, but Mrs. Moody had several small pieces of glass in her body. Mr. Moody had plenty of slight scratches on his face and when the doctor got through with him, he looked like an Indian on the war path. They were able to return home Sunday.

The car was a bad wreck, all glasses broken and nearly every part crushed. This seems to have been one of those car accidents no one could have prevented except the man who caused it. He could have left the road to his right and waited for a clear lane to cross over the highway to get into his country road.

Dr. Frank Johnson and wife arrived last week end from Washington City to make their home in Hamlin. The Doctor has been out of town all the week on business and no details of his plans have been learned.

Jerry Waggoner visited in the home of his aunt, Mrs. R. G. Rowell, in Anson this week.

## Mrs. S. A. Lasseter Died Sat., July 5th

Mrs. S. A. Lasseter, who was affectionately called "Mother Lasseter", was found dead at her home on Alamo Avenue, south of 5th St., Saturday afternoon about 4:45 o'clock. Death was perhaps from heart failure.

Mrs. Lasseter was 85 years, 5 months and 23 days of age. She became a resident of Hamlin in 1907, and for thirty-four years had made this city her home. Her native state was Arkansas, born in 1856.

The survivors are three children, fifteen grand children and three great-grandchildren. Two children preceded her in death. The children are H. D. House of Three Rivers, Texas; Mrs. Doss Thompson of San Angelo, and William (Bill) Lasseter of Hamlin.

Funeral services were held at the Funeral Home of the Barrow Company Monday morning, with Minister John B. White of the Church of Christ and Rev. H. E. East, pastor of the Baptist church, in charge. Although the ministers speaking had not been intimately associated with Mrs. Lasseter, in her long life in Hamlin, they gave ample testimony of friends and neighbors of her noble traits of Christian character, of her faith in God, of her zeal for the truth and of her spiritual strength. Her sudden passing was as she had long desired. Mrs. Lasseter was not an invalid, but continued to get about in a manner unusual for one of her age. However, she did not go into crowds nor far away from her home. She was baptized into the Church of Christ in 1891. During the last few years, while she was unable to attend her church services, she found great joy in reading her Bible and listening to radio services. Hers was a long and useful life, which had lead her to that crown that fadeth not with the passing of time.

Interment was in East Cemetery, by the Barrow Company.

Those from out of Hamlin attending the funeral of Mrs. Lasseter were Mr. and Mrs. Doss Thompson, and daughter, Miss Eula Mae of San Angelo, H. D. House and son, H. D. House, Jr., and wife, and James Lasseter and wife, all of Three Rivers, Texas.

A message was received Sunday by Sam Bush that his niece, Miss Colleen Bush had died at Carlsbad, New Mexico. She was a daughter of Mr. and Mrs. Jess Bush, formerly of the Hamlin community. Further particulars were not learned.

Wilson Beasley, formerly with the Sparks Auto Supply, has moved with his father to the coast, where it is hoped the climate will be more favorable for the older gentleman.

## BAPTIST CHURCH

Our Daily Vacation Bible School begins next Monday. For two weeks our boys and girls from four to sixteen years of age will be privileged to partake of the wonderful benefits of this annual school. Miss Bobbye Jo Cox, a recent graduate of Southwestern Seminary in Fort Worth, will be the principal of the school. She will be assisted by Miss Alice Reese of Knox City, and more than a score of workers from our local church. Chief emphasis will be placed upon Bible study and character building. More Bible will be learned in two weeks in the Bible school than will be learned in several months in the Sunday School. The school will meet from 8:00 to 11:00 o'clock each morning except Saturdays and Sundays for two weeks. A handwork period will be of interest to all the boys and girls, we feel sure. Mr. Bob Campbell will teach the boys to make useful articles out of leather.

Preparation Day for the Bible school will be held at the church this Saturday morning, beginning at 8:00. We urge all who plan to attend the school, together with the workers, to be present.

Let's not neglect our church during the summer months! Sure, it is hot, but the work must go on. We will have the air conditioner going Sunday, if nothing happens. Be sure and come. We want 300 in Sunday School!

H. E. East, Pastor

## Miss Jessie Myers Won At Double Heart Rodeo

The Double Heart Ranch Rodeo, a few miles south of Sweetwater, attracted people from this area this year, and Miss Jessie Myers, who participated in the Hobby Show in Hamlin last spring, was one of the contestants with her trained horse. She won 3rd place and was awarded a Stetson hat. She lacked only one second in the running to win a saddle and first place.

In trick pony work she received some cash award. Miss Jessie has a fine pony she trained herself. She is yet in her early teens and if the training keeps up, Hamlin will hear of this young lady in big time shows in Texas and maybe in Hollywood.

The Double Heart event this year featured "Kid Rodeo Actors," as well as grown-ups.

## One Rotarian's Name Omitted From List

Our friend and enthusiastic Rotarian, Bob Wiar's name was unintentionally left out of the list of 22 members last week. Bob, come in and we'll set 'em up. You bet Bob is a real Rotarian.

## Curtis Martin Building Several Rent Houses

Some weeks ago Curtis Martin acquired the Nobles residence on Hope Avenue, and this building, which was one of Hamlin's earliest and most substantial, has been dismantled and the lumber is being used in the construction of three or more smaller houses. Three of these are going up on the lots on the corner of 4th and Union Avenue, where formerly the Methodist pastor's home was located. These places are to be furnished homes, according to information.

The site of the Nobles home will have another house built in the near future.

J. C. George, prominent farmer between Hamlin and McCaulley, renews the Herald to Mrs. Callie Scott of Holdenville, Okla., and also for himself. The Herald makes a pretty good news letter to a relative.

Mr. and Mrs. John Connell of Flag Staff, Arizona, came over last Saturday to visit home folks. Mrs. Connell is a daughter of Mrs. A. G. Hudson, one of the pioneer families of Hamlin. Mr. Connell had not seen Hamlin since 1940. They will return this week end. They are proud to see Hamlin's fine water supply.

Jesse Bonds who tried out Abilene grocery selling, is back again with the Terrell Grocery in his old place. Jesse is a very likeable fellow and seems delighted to be back home. He and his wife have the Renfro house on Houston.

Harvey Elkins, mechanic in the airfield at San Antonio, is at home for a 30 days' stay. Indications are the old regular army sheet metal workers will be sent to distant points to look after Uncle Sam's planes.

Fred Campbell of Hillsboro, Texas, is spending the week here with his son, Robert H. Campbell and family. Really he just came to see the red-headed grandson, eleven weeks old. Mr. Campbell is an old time type setter and ad builder in a Hillsboro newspaper plant and if he fools around the Herald, we'll put him to work.

Mrs. Harold Bonner and the two children, Janet and Robert Bonner, returned Monday from Hobbs, Carlsbad, Artesia and Hope, New Mexico, where they visited relatives and friends. Mrs. Bonner reports running into a cloudburst on the "desert" near Tahoka. She had to wait thirty minutes for the water to lower and it came up to the running boards. She observed our old friend, Rev. Hanks, a Methodist, still waiting to allow all that water to run away. He tried to persuade Mrs. Bonner to wait longer, but you know—she is not afraid of water.

## Anson Is Planning Pioneer Festival

Anson, July 5—Hamlin will furnish the Queen of Jones County for the sixth annual Jones County Pioneer Festival to be held here July 24 and 25. The Queen of the county is furnished in rotation by Anson, Hamlin, and Stamford.

Included on the program for the Festival this year will be a pioneer day dinner, parade, rodeo, coronation of the Queen of the county, a pioneer ball and other events.

First event will be family musical numbers on Wednesday night, July 23, at Pioneer Hall here, with all family musical groups invited to participate.

A general committee in charge of the Festival has been appointed by the directors of the Chamber of Commerce and are: Burt Dean, chairman; Willie Bartlett, Irvin Sanders, Miss Leonora Barrett and Miss Hybernia Grace.

The luncheon honoring pioneers of the county will be held on Thursday, July 24th.

In addition to furnishing the Queen, Hamlin will also furnish two duchesses. All communities and the towns of the county are urged to nominate a duchess for the Festival and send in their nominations to the Anson Chamber of Commerce.

## Fed H. Britton Buys J. T. Bynum Home

Last week Mr. and Mrs. Fed H. Britton acquired the Dr. J. T. Bynum residence on Union Avenue, south of 2nd street. This is a beautiful place, brick veneer, with everything modern and lovely yards and landscaping.

This move is calling for other changes. The Britton home on Jackson, south of 8th street, will be reworked and occupied by Mrs. Hudson and family, and the Hudson home on 9th and Hope will also receive improvements.

Carpenters and finishers are doing a great deal of improving on the Bynum residence in preparation for Mr. and Mrs. Britton.

Dr. and Mrs. Bynum did not make public their plans, but some time ago he indicated that they might make their home in Dallas, where two of their daughters reside. This is one of this section's pioneer families who have a host of friends who regret to see them live elsewhere.

Richard Feagan, a student in the University of Texas, was here last week to visit his parents, Mr. and Mrs. Elmer Feagan. Richard was one of the engineer students who received cum laude rating for high grades made during the spring semester.

Dudley Kennedy of Dallas came up July the 4th to spend a few days with his sister, Mrs. Landon Davis and family. Mr. Kennedy is a prominent paper salesman in Dallas.

## METHODIST CHURCH

The pastor's Sunday morning sermon subject is to be: "The Inner Circle." Special music is to be arranged. At the evening service the sermon topic will be "Some Things to Fear." Special music will be furnished by the Young People's Orchestra. This orchestra, under the direction of Mrs. Joe McCrary, is being organized to furnish special music for the evening services.

"Batteries need recharging, and clocks need rewinding; fires need refueling, cars need gasoline, the soul needs strengthening; come to church Sunday."

A hearty welcome awaits all those who visit in our services. Come and worship with us.

## A Duty To The Dead

Have you been to Hamlin East Cemetery lately?

Perhaps if you have your heart has been increased in sadness when you observe the horrible appearance the cemetery is now in.

If you have a loved one buried in that cemetery, you certainly ought to want a decent looking place for their last resting place. If you have no dear one laid away there, you still have a duty to your community in taking some part in keeping this place as neat as possible.

The Herald has observed the East Cemetery for 27 years now, and the same old story goes on. On a few occasions a small number of women have taken much interest in keeping it in good shape, but people, come and go, pass on and maybe themselves laid in that unsightly cemetery. Some form of permanent upkeep should be devised, and quickly. It is now too crowded, and in some cases actually graves have been dug into while digging new ones. One thing certain: It should be under a "living organization" and be set in order and kept that way, even though a new cemetery location should eventually be secured. More ground must be had adjoining, or a location with better soil, and available water should be secured.

Talk will not do anything. It takes action, either with money or labor.

Writing about cemeteries is not a pleasant task. But there are a lot of us who will be placed in some cemetery, and that is bad enough, but to think that a body will be placed in an unkept, unsightly, bushy, weedy, overcrowded, scattered "grave yard" back over across the railroad is not in keeping with the desires of the Hamlin community. Our cemetery is THERE and nobody of this age can help it. Grant that it is badly located and too small, it CAN be made to look better.

Now it will take some hard, hot labor to start what is needed. It will take DOLLARS to pay men for their work. Miss Lennie Greenway at the bank, will receive and credit every penny sent in for the Hamlin East Cemetery. It is going to take more than "just a little". Do you want a part, do you care, or do you NOT?

Men who will work for customary wages, report to R. O. Proctor, who will direct the work. Cash will be paid for each hour of labor done. You might have to use your own hoe and rake. See Proctor.

## Notice to Patrons of Hamlin Public School

Patrons of the Hamlin schools who live outside the Hamlin school district must sign transfer blanks for their children in July.

You may sign these blanks in my office at the High school building or in the office of your County Superintendent.

If your grade is not taught in your home district you may transfer to Hamlin and the State will pay tuition and transportation for your child.

If your grade is taught in your home district and you transfer to Hamlin, you will be held responsible for tuition and transportation on your child.

G. R. Bennett, Supt.

## TAX NOTICE

To the Tax Payers in the Hamlin Independent School District:

In 1929 the valuation in the Hamlin school district was over three million dollars. From that time until 1940 the valuations have annually decreased. Today the total valuation is slightly over one million six hundred thousand dollars. Tax collections on these decreased renditions will not pay the bond payments, bond interest and operating costs. Therefore, it has become necessary that the equalization board place a blanket raise on all rendered property in the Hamlin school district. This raise in renditions must average seven to ten per cent.

Signed,

### Monkeying With The Draft Law—

Ye Herald Editor may get hung for what appears in this article, but as long as we are enjoying freedom of thought, speech, and the press, no citizen should refrain from expressing himself, if he proves he is doing so from a love of country, which means "patriotism".

Congress this week is "monkeying" with the national draft or selective law.

This is the first step to lower the morale of the training army.

We either need a great and efficient army or we do not.

If we need a great and powerful army (and we think we do) it can not be built on pussyfooting excuses. Flag waving, shouting threatening thunder, and bragging is not what the United States seems to need right now.

In this issue of the Herald we have indicated a head for the publicity for the selective draft set-up, as "Monkeying With the Selective Law." Note that a bill is before Congress, and has passed the Senate and maybe will be through the House before this gets into the mail, to lower the age limit from 36 down to 28, and relieve all who have reached that age from a call for service training.

Let's suppose that passes. Then if it does, all the men who were grabbed up within that limit of years and are now in the army should be let out if they want out. It would be fair to do so. And if there is anything that American people rally to, it is FAIRNESS.

So we are beginning to lower our build-up for an army by fiddling with its selective set-up. Now nobody would kick much about the lowering of the upper age limit, if the fellows who were "caught" would be let out. Alright, if we let some out there will be a near-age point where some other bunch will want out too. So down and down we drift and after all where is your training army?

The morale of an army starts "back home". No bunch of officers in the world can discipline men if the soldiers know "back home" the people feel there is a discrimination.

Now speaking of discrimination—perhaps there are none, but frequent rumors are circulating that, even with the good selectee law that was promulgated, some counties, even in Texas, are stricter than others, and some very lax. That will not build up morale.

We have not kept up with the argument that men are too old at 28. But if a man is without actual dependents and can meet the examination tests, it would seem, a fellow would be in his very prime during those ages.

A uniformly selected army is really more democratic, more likely to get the best manhood power than a volunteer army. But unless a drafted army feels that its soldiers have received an even square deal, the morale is likely to be let down.

A man who volunteers his serv-

ices in an army is not likely to question what happens to men who do not offer themselves, and does not care. But when you get a few hundred thousand mothers, fathers, sisters and brothers and maybe a "sweetheart or two" to feeling that "theirs" is getting a raw deal as compared to somebody who is just as able, as the boy who has been made to toe the line, then you are not building up a home morale. One man feeling, with even fair grounds, that he has been caught in Uncle Sam's Army unfairly, is likely to spread his discontent to hundreds of others. So, are we to have an army or are we NOT? That is the question on the shoulders of Congress this week. Let 'em begin to hatch up this and that excuse and soon there will be only a few left to carry on.

Somebody must be found who is willing to do what is to be DONE, and not flinch about it. Them's our sentiments, like it or not.

### Monkeying With Selective Law

General J. Watt Page, State Selective Service Director, announces that all Texas' local boards have been instructed to defer induction of men who, on July 1, 1941, had reached the age of twenty-eight years.

General Page said that National Selective Service Headquarters has been assured by Congressional leaders that the age provisions of the bill to defer men who had attained the age of 28 years on or before July 1, 1941, will be passed in substantially their present form since there is no difference of opinion as to the merits of these provisions of the bill. As the bill is now written, General Page pointed out, such men will be subject to discharge if inducted on or after July 1, 1941.

"Based on the statements of Congressional leaders and the provisions making the bill retroactive to July 1, 1941, for discharge, Texas' local boards have today been informed by State Headquarters that the induction of all men who had attained the age of 28 years on or before July 1, 1941, shall be postponed for a period of thirty days pending final action on the bill."

"Of course, in the event the bill is not passed, such men will be subject to induction in the normal manner upon the expiration of the period of postponement."

In Texas, it is estimated, approximately 400,000 of the 825,429 men who registered last October, are affected by this order.

NOTE: The heading for the above was created in the Hamlin Herald office.

### Jones Co. Selectee News

Three Jones County selectees who had been ordered to report for induction July 13, were affected by the order regarding postponement of induction of men 28 years of age. These three included Jasper Floyd Hampton, Menard; William Russell Hughes, Stamford; and Noel Douglas Vaughan, Stamford, who have been notified by the Jones County Local Board, that they have been granted 30-days deferment, pending further legislative action.

Call Number 19 for this County will be short three men, because of this new order, but four other selectees will leave Anson July 13th for the Fort Bliss recruiting office. The remaining list is made up of Rex Warren Hines, Lueders, volunteer; John Donovan McCraw, Haw-

ley, number 1049; Emmett Beard, Crabb, Stamford, number 1136; and Johnnie Grisham, Hawley, number 1141.

Virgil Lee Curry, volunteer, of Stamford, will fill the Jones County Local Board's twentieth call for one colored man. He will leave Anson on July 17, for the Dallas recruiting office. Jones County has a number of colored volunteers awaiting call.

Sgt. Ray A. Patton of the Station Hospital in Camp Berkeley, was in Hamlin Wednesday to accompany Miss Effie Dee Walker home from the Abilene Hospital to spend her vacation in Hamlin.

Mrs. John C. Turner and her son, J. C., enjoyed a Fourth of July visit with her mother, Mrs. N. Phillips in Bonham. J. C. had a pass from Camp Bowie for the week end.

Mr. and Mrs. Parker May of Washington City came the past week end to spend their summer vacation with home folks in Hamlin. Both of them are employed in government offices.

Mr. and Mrs. Martin McCain and daughter, Miss Martie Jean of Houston, are spending the week here with their mother, Mrs. D. O. Sauls. Mr. McCain was formerly Cashier of the one-time First National Bank of Hamlin, but is now a State Bank Examiner. They still have considerable property in Hamlin and farm lands near town.

Bryan liked to tell about the quiet little business man who always contributed generously to the Democratic Party and so he was nominated for mayor. There happened to be a Democratic landslide that year and he was elected. When Bry-

"I have been asked to introduce William Jennings Bryan, who is to speak to you. I have now done so and he will now do so."

## The End: NO MORE OIL AND NO MORE ENGINE!

Ruthless Death-Test proves this New oil good for more than Twice the mileage averaged by 5 other big brands

In fiery Death Valley the dry heat hits extremes. And there's where 6 identical everyday cars, using 6 different big-name oils, were burned out on purpose to give you fair and square mileage comparisons on great new

### CONOCO N<sup>th</sup> MOTOR OIL

Now making Sales Records right Here Death-Test cars—new—same make, same model—were taken apart for the Referee, to check uniformity; then were broken-in alike. Each got one 5-quart fill of some one big brand—bought retail by Referee. He kept engines under lock—no oil could be added. Cars held the same 57-mile speed, over the same desert, getting the same handling (by alternating the drivers). And there wasn't any end till there wasn't any lubrication... till engine after engine became a hunk of junk.

Conoco N<sup>th</sup> oil kept on 5,683 miles longer than any other oil in the Death-Test... *Certified*. And all five competing Death-Tested oils didn't average half the mileage of Conoco N<sup>th</sup> oil. *Certified*.

### Man-Made new Life-Giver does it

Now think a moment of Vaccination—putting protective substance on guard to keep a trouble from starting. And the trouble aiming to start on motor oils lurks in every engine's normal firing. Filth forms that can spoil one drop; then two drops "catch it"—then four—then SIXTEEN... faster, faster, FASTER. As the whole fill weakens, the oil-level sinks too fast... but not when the start of this oil-fouling trouble is inhibited—held back—by life-giving Thialkene

inhibitor, the man-made new economy aid in patented Conoco N<sup>th</sup> motor oil.

No, you'll never Death-Test your own Conoco N<sup>th</sup> oil. You'll still sensibly drain and refill as recommended. But knowing how Conoco N<sup>th</sup> out-mileaged the other Death-Tested oils, you can reasonably believe that every look at the oil-level won't mean adding a quart. Keep count of your saving after changing to Conoco N<sup>th</sup> today at Your Mileage Merchant's Conoco station. Continental Oil Company—Pioneers in Bettering America's oil with Synthetics

### AND CONOCO N<sup>th</sup> OIL OIL-PLATES YOUR ENGINE

Long the keystone of Conoco success, OIL-PLATING comes from another great Conoco synthetic... man-made under the famed Germ Processed oil patent. Magnet-like action bonds OIL-PLATING to inner parts. It can't all quickly drain down—not while you're using Conoco N<sup>th</sup> oil. So OIL-PLATING is on guard against wear in advance!... and helps mileage, as it did in Death Valley. An OIL-PLATED engine is one more economy you get from a change to popular-priced new Conoco N<sup>th</sup> oil.

**CERTIFIED** I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

## U. S. Soldiers Get Fresh Milk For First Time Since 1776

Army fliers at Randolph Field, Texas, are daily milk drinkers.

NEW YORK—U. S. soldiers in the vast army maneuvers now under way will fight their peacetime battles with fresh milk in their daily diet.

More than 350,000 quarts of fresh fluid milk per day will be consumed by the maneuver forces, plus the new trainees in cantonments. Fresh fluid milk has been added to the daily ration to provide America's soldiers with the best possible diet, according to the Milk Industry Foundation.

In addition to fluid milk requirements, over 20 tons of butter, more than 10 tons of cheese and large quantities of other dairy products are consumed daily. This means that more than 1,000,000 quarts of milk from American farms are required every day for pasteurization and distribution or processing into dairy products for the army.

The milk industry has been in close touch with army requirements to see that soldiers receive fresh milk of the same high quality as that delivered daily to consumers' doorsteps.

This milk distribution required building up the supply system in thinly settled areas where fluid

milk demand has been slight, and properly forecasting requirements for thickly populated areas. Without the well organized U. S. milk distributing system it is doubtful if fresh milk could have been so readily supplied.

The army ration, which means food provided for one man for one day specifies among other things 8 oz. of fresh milk, 2 oz. of butter, 1 oz. of evaporated milk and ¼ oz. of cheese.

In the Revolutionary War the ration called for a pint of milk per soldier per day — the only time fresh milk even appeared on the ration until the present. It is doubtful, however, if Washington's soldiers ever got milk unless they surreptitiously milked cows near the bivouacs.

Army officials believe fresh milk provides health-giving and body-building values of the highest order. Lt. Col. Paul P. Logan, Subsistence Officer, War Department, recently said:

"All of us in subsistence work are acutely aware of the value of milk and dairy products in the ration. We know that milk solids are indispensable and that milk is the nearest perfect food."

## For British Aid

The Quilt Committee feels grateful to the many who have given quilts, materials, and cotton to aid them in making quilts and comforts for British Aid.

There are groups, however, who have not organized nor gotten together yet. Don't you women of each church of our town think you could map out a plan to work together? If you would like to contact some who are on this committee, please phone Mrs. Ed Bailey, Mrs. Tate May, Mrs. M. Y. Wilson, Mrs. R. B. Wiar, Mrs. Eddie Jay, or Mrs. Jones, wife of the Nazarene pastor.

We are happy to report that Mrs. Butcher's group of girls have made 9 inch squares for several quilts and so have Mrs. Landon Davis' group. Mrs. Wiar is in charge of the young ladies of the town and they will meet Tuesday P. M. at 7 o'clock at Miss Elsie Wienke's Beauty Shop. You girls that want to work and enjoy it, go meet with them, and take some quilt scraps and your needle and thread. Mrs. Farrow is in charge of all girls out of High school or home from college; go see her and you contact anyone who would like to work with you.

The sewing room upstairs at the City Hall will be open and at the service of any group to go get materials or sew there on its machines.

The following groups have planned to sew at the sewing room next week:

Mrs. Butcher's, Monday, 9 A. M.  
Mrs. Landon Davis', Tuesday at 9 A. M.

Mrs. Ed Bailey's, Wednesday at 9 A. M.

Mrs. Bailey wants all women interested, to meet her there Wednesday at 9 o'clock to map out plans to do something definite. So women of the town, respond. We want to show our loyalty and support to our country.

## Make Your Own Tea Rings

By Frances Lee Barton

If you make a filled tea ring from the following recipe you will have something to be proud of. Yes! It takes a little time, but it settles the "what to serve" problem and thus takes a real load off your mind as well.

### Pineapple Filled Tea Ring

2 cups sifted cake flour; 2 teaspoons double-acting baking powder; ½ teaspoon salt; 4 tablespoons butter or other shortening; 1 egg, slightly beaten; 10 tablespoons heavy cream; pineapple filling.

Sift flour once, measure, add baking powder and salt, and sift again. Cut in shortening. Combine egg and cream; add all at once to flour mixture and stir until all flour is dampened. Then stir vigorously until mixture forms a soft dough and follows spoon around bowl. Turn out on slightly floured board and knead 30 seconds. Roll into oblong sheet, 7 x 10 inches. Spread evenly with pineapple filling. Roll as for jelly roll, wetting edges to seal. Cut in ten 1-inch slices. Pinch each slice at sealed edge into rounding point. Place a 3-inch cookie cutter in center of greased baking sheet. Arrange slices in circle around cutter, having points touch cutter. Pat lightly to shape. Bake in hot oven (425° F.) 25 minutes, or until done. Remove to cake rack and while hot spread with glaze made by combining ¾ cup sifted confectioners' sugar, 4 teaspoons pineapple juice and ½ teaspoon lemon juice. Serve warm or cold.

To make pineapple filling, combine 1 tablespoon sugar, 2 tablespoons cake flour, and dash of salt in top of double boiler. Add gradually ¾ cup canned pineapple juice, mixing thoroughly. Add ¾ cup cup well drained canned crushed pineapple. Place over boiling water and cook 8 minutes, stirring constantly. Combine 1 egg yolk, slightly beaten, and 2 eggs yolk, slightly beaten. Add to pineapple mixture and continue cooking 2 minutes, stirring constantly. Chill.

This ring may be stored in refrigerator for 2 hours before baking. Cover closely with waxed paper and damp cheesecloth.

Thoroughness is the earning power of success, and success must always be earned.—Edward Bok.

Mr. and Mrs. Elmer Henderson, and Mr. and Mrs. T. R. Miers of Ft. Worth are visiting parents and other relatives in McCaulley for a few days.

We were glad to see the letter in the Herald last week from Lloyd Andress who is in the Coast Artillery in California. Lloyd was reared in this community.

Mrs. James Wall and children have returned to their home in Monahans after a two weeks' visit with parents and other relatives.

Mrs. Frank Moore and little son are here for a few days with her parents, Rev. and Mrs. C. E. Dick. Their home is at Crosbyton.

Mr. and Mrs. Lyndon Clifton left for their home in Imperial, Texas, Sunday, after a few weeks' visit with parents, Mr. and Mrs. Louis Rector.

Mrs. Roland Stephenson and baby are here from New Mexico visiting her parents, Mr. and Mrs. John Miles.

Mr. and Mrs. Clinton Maberry of Dallas were visiting his parents, Mr. and Mrs. John Frank Maberry in McCaulley over the week end.

Mr. and Mrs. Wick Miers and children of Balmorhea and Howard Miers of Lamesa are visiting parents in McCaulley for a few days.

Billie Pickron, James Parker and Curtiss Courtney are visiting parents and other relatives for a few days. All are stationed at San Antonio in the Air Corps.

Buddy Boyd, son of Mr. and Mrs. Louis Boyd was home over the 4th. Buddy is attending summer school at Abilene Christian College.

Mr. and Mrs. Lester Harris and children of Abilene are visiting with parents, Mr. and Mrs. Walter Faulkenberry for a few days.

McCaulley was on a boom Saturday evening as folks from all parts of the country are visiting here, and of course they all come to town to see their friends and it seemed like old times to again meet folks that we haven't seen for years.

Joe Walker died Saturday, July 5th, at his home in McCaulley. Mr. Walker was born Feb. 19, 1858, and was 83 years of age at the time of death. He is survived by one son, Uzzy Walker of McCaulley and one brother of El Paso. Mr. Walker had been in bad health for some time. Funeral services were held at the Tabernacle, Sunday afternoon, with Rev. Ottinger conducting the services. Burial was in the Newman cemetery.

Mrs. Harold Stephenson has returned to her home in McCaulley after visiting in East Texas for the past several weeks.

A large crowd attended church at the Baptist church Sunday and a number of visitors from all over the state were present.

It seems that the question on everybody's mind is, "Should we help Red Russia in their fight with Nazi Germany?" Both Germany and Russia are dictator controlled nations, and both nations are positively against everything that Democracy stands for, namely, freedom of speech, free press, and freedom to worship as we please.

If we ship our guns and tanks and planes to Russia and Germany wins and takes over all war materials we have shipped to Red Russia, then what does it profit America? Is it

not better to help only those nations who believe in Democracy? One day treaties and promises are made by the dictators and the next day they are broken and we have learned that such treaties and promises are not worth the paper they are written on. If the Nazi machine takes Russia as they have other nations, would it surprise us if both doesn't turn on the democratic nations? Surely our officials in Washington will not lead our people into a trap set by the dictators. Both Hitler and Stalin are so crooked that either would doublecross or cut the throat of his brother, that we should not put any confidence whatever in their word or the word of their representatives.

Our boys who are serving their country in the armed forces of America are going to expect our Government to furnish them with guns, ships and planes, before sending Russia anything and that's the way it should be. The fathers and mothers of our soldier boys are 100 per cent for our form of government, but they too, are going to expect Uncle Sam to keep production of war materials at top speed so that our army and navy and air force can properly function. America can and will fight but give us plenty to fight with.

Lewis Bryan, of Dinuba, Calif., accompanied Paul Bryan back to Hamlin this week, returning to see all the "sights" such as Boulder Dam, and the Grand Canyon. Lewis stopped at Graham to visit with his father and mother, and with a brother, Pat Bryan. Paul reports a grand time on the golden coast and through the mountains and great canyons.

Mrs. Garnet Alexander and her father, G. P. Jones, rancher at Maryneal, returned this week from a twelve day cruise into the waters of Alaska. Mrs. Alexander will perhaps relate to Hamlin service club what she saw in the far north land. That is one of the valuable sections of the United States that most people know but little about.

A rural school board was making its annual visit and the teacher was putting her pupils through their paces.

"Who signed the Magna Charta?" she asked a boy.

"Please, ma'am, 'twasn't me," replied the very nervous youngster.

The teacher told him to take his seat, but one member of the board was not satisfied and said, "Call that boy back. I don't like his attitude and I wouldn't be surprised if he did do it."

## Better Prepare For "Seconds"!

—By Frances Lee Barton—

IT is not necessary to labor long, or spend excessively to furnish a dessert dish with a five-point appeal—sight, smell, taste, digestibility and nourishment. You have whipped cream, gelatin and hot water available. A few sticks of peppermint candy may be secured easily. With these four ingredients and very little effort—you can prepare one of the most delightful little "surprise" desserts imaginable.

But you had better make plenty, for the demands for "seconds" will be numerous.

### Peppermint Lime Mousse

1 package lime-flavored gelatin; 1 1/4 cups hot water; 2 cups cream, whipped; 3/4 cup crushed peppermint stick candy.

Dissolve gelatin in hot water. Chill until cold and syrupy. Fold in whipped cream and candy. Turn into freezing tray of automatic refrigerator and let stand 3 to 4 hours, or until frozen. Serve in chilled sherbet glasses. Makes 1 quart.
